

Intelligent, Continuous Fragrance Powered by Innovation

At phs, we believe air care should be both smart and sustainable. The Oxygen Supreme uses advanced oxygenated fuel cell technology to deliver consistent, high-quality fragrance in high-traffic environments, providing a clean, safe scenting solution that supports wellbeing and environmental responsibility.

H 146 mm | W 119 mm | D 98 mm

Key Features

Intelligent Oxygen-Powered Delivery

The Oxygen Supreme delivers fragrances using patented fuel cell tech — no aerosols, no waste, just a clean fresh environment.

Consistent Fragrance

Continuous intensity for the full cartridge life with no peaks, drops, or adjustments.

Eco-Conscious and Safe

Aerosol-free, no VOCs, solvents, alcohols, or propellants; cartridges are 100% recyclable, non-pressurised, and low-waste.

Silent Operation

Few moving parts, zero emissions, discreet performance.

Smart Maintenance

LED indicators for cartridge and battery changes; 2 × AA batteries last up to 1 year.

Why Choose phs
